OBJECTIVES OF THE CONFERENCE:

International Conference on Applications of Artificial Intelligence in Earth Science (AAIES -2024) schedule on 29th -30th August 2024. The purpose of this conference is to encourage multidisciplinary collaboration and knowledge exchange amongst academicians, industry experts, and researchers. The event showcases the newest AI-driven breakthroughs and approaches, illuminating how AI may improve our comprehension and administration of Earth's intricate systems. In order to better understand AI's potential to offer advanced answers to these problems, participants delve into current global topics like resource management, environmental sustainability, climate change, and natural disaster prediction.

PAPER SUBMISSION:

Researchers, academicians and industry experts in the fields of engineering and technology are invited to submit original research. Within the overall theme of the conference, research papers ought to offer fresh insights. Before attending the conference, all attendees must register. For more information and guidelines, send an email to icaaies@cgc.ac.in.

TECHNICAL TRACKS:

The following (but not exclusive to) tracks are open for submissions of original, unpublished manuscripts to AAIES-2024:

Track 1

- Remote Sensing and Image Analysis
- Climate Modeling and Prediction
- Natural Hazard Detection
- Early Warning Systems
- Environmental Monitoring and Conservation

- Geological Exploration
- Mineral Resource Assessment
- Geospatial Analysis and Spatial Planning
- Oceanography and Marine Science
- Deep learning in AI and ML.

Track 2

- Natural Language Processing.
- Big Data to AI.
- AI Gaming
- Internet of Things (IoT)
- Robotic Process Automation.

- Artificial Intelligence and Data Science
- Future Trends and Predictions in AI
- Foundations and Innovations in AI and ML
- AI and ML in Business and Industry
